## Motorcycles For Monarch School Saturday January 21st - 8 am

### – Why Monarch?

Monarch has developed an innovative approach to learning where students gain the skills they need to improve their lives, develop awareness of their emotions, explore their passions and plan for a life of self-sufficient living.

### – Whom does Monarch serve?

Monarch School serves unhoused students and their families who live in San Diego County.

### – Who does Monarch serve?

Nearly 300 students attend Monarch School each day. In addition, we serve approximately 167 families and 91 alumni throughout the school year.

### – Where do Monarch students live?

Our students live in shelters, motels, single room occupancy housing, double- or tripled-up with other families, at camp sites, in cars, or on the streets.

### – Who operates the school?

Monarch is a public-private partnership between the San Diego County Office of Education and the nonprofit Monarch School Project, a 501(c)(3) corporation.

### – Are there other schools like Monarch?

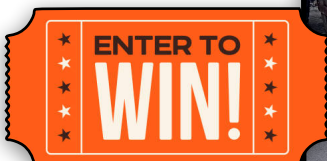

Monarch School is the only comprehensive K-12 school in the U.S. developed specifically to serve unhoused students and their families. Our school is a unique model both locally and nationwide that combines a public-school setting with robust social care.

Come and join in on what is certainly going to be a fun and rewarding day as we give back to our community by supporting The Monarch School.

**From the editor:** I'm not sure there is an IMRG that is as active as your SD Crew. Then combine that with in my opinion are the best roads, sights, locations and weather along with a dealership that supports us in every way, you start to see why we have so much fun. It's only January (and yes, we get to ride year round) and our calendar is full of rides and events.

We are fortunate to have great people who step in and share their talents and make this a great group. If you have ideas and would like to help out we are currently looking for an activities director. This is going to be a busy and exciting year and we thank each of you for being apart of it.
